

MYRTLE BEACH YACHT CLUB

Tide Lines

OCTOBER 2024

Volume 16 Issue 10

From the Commodore

Hello fellow MBYC members,

The August 31st Labor Day Picnic was held in the pool and Bud Hut area, the weather was great with the food supplied by the Officer's Club and everyone bringing a dish. Everyone enjoyed their time to get together with fellow boaters from the Yacht Club.

In September we had two climatological milestones:

September 10th is the day that NOAA designates as the climatological peak of hurricane season. Fortunately, so far this season, we have been spared any significant storm impacts. Hurricane season continues until November 30th so we will continue to keep a watchful eye on the weather forecasts to be prepared.

September 22 was the Autumn Equinox signifying the first day of fall. We are all glad to have the cooler weather that fall brings with it after what seemed like a hot August.

Around the docks:

- The new pump-out pump is now up and operational. So far, everyone seems pleased with its performance.*
 - The old Pump Out pump will be upgraded with a new stone base, new enclosure cover, and be synchronized with the new pump's remote control system.*
- October signals the beginning of transient season. So far reservations have been plentiful. Please help welcome our winter guests when you see them on the docks.*

Hope to see you around the Yacht Club or out on the water,

John

MBYC BOARD OF DIRECTORS

John Cattuna, President
 Jack Covert, Vice President
 Debbie Diefenthaler, Treasurer
 Matt Tarmon, Secretary
