

MYRTLE BEACH YACHT CLUB

Tide Lines

September 2024

Volume 16 Issue 9

From the Commodore

Hello fellow MBYC members,

The August 10th social event, the Summer Sizzler, was held in the Officers Club with the food supplied by the Officers Club. It was an enjoyable time to get together with fellow boaters from the Yacht Club.

Our New Marina Management Program continues to progress with everyone now receiving their monthly statements electronically. Again, be sure to open all emails from MBYC by checking your in-box and your SPAM folders so you won't miss your invoices. Payments become past due for the current month after the 15th. Additionally, our news letters are now conveniently located on our website and our Facebook page.

Around the docks:

- Wiring for the new electric meters will begin to be installed this fall to be ready for replacement meters for those that have failed.*
- The piping and electrical systems have been installed for the new pump-out pump. Delivery is expected in late August. Installation is expected to be complete by early September.*

In a newsletter last fall we reminded everyone to ensure their shore power cords and boat shore power outlets were in good working order free of corrosion. We continue to have cord and power pedestal issues and we have had a recent boat fire from an outlet with corroded wire connections. A fire resulting from a shore power cord issue, either at the pedestal or boat outlet connection, can be catastrophic to the entire marina. Please ensure your electrical system is in good working order.

Hope to see you around the Yacht Club or out on the water,

John
