

MYRTLE BEACH YACHT CLUB

Tide Lines

NOVEMBER 2024

Volume 16 Issue 11

From the Commodore

Hello fellow MBYC members,

In October we had one of the two HVAC systems in the Officer's Club replaced due to its age and nonavailability of Freon 22. Additionally, in an effort to distribute the cooled air more evenly throughout the dining and kitchen area, we had adjustable vent registers installed on the duct discharge ports.

Our staff continues to make upgrades to our clubs appearance, some things you may notice this month include stair anti-slip strips, new cap rail on the second floor deck at the Officer's Club and upgraded to clear vinyl windows for the outdoor dining area.

We have passed the peak period of hurricane season being spared any significant impacts in the Little River area. The likelihood of hurricane development is considerably lower in November but we will continue to keep a watchful eye on the weather forecasts to be prepared through the end of hurricane season on November 30th.

If you are around on November 9th come join us at the Officer's Club for fellowship with some friends and great food hosted by our club. Sign-up in the ship store.

Your Board of Directors will hold their next meeting on November 8th at 5:00 PM in the downstairs conference room.

Hope to see you around the Yacht Club or out on the water,

John
