Tide Lines

December 2024

Volume 16 Issue 12

From the Commodore

Hello fellow MBYC members,

Hurricane season officially ends Nov 30th and we have again luckily escaped 2024 without any impact.

While you are busy with your family gatherings over the holiday season please be sure not to ignore your boat as winter sets in.

- Please double check your shore power cords for corrosion on the plugs and the receptacles at both the dock pedestals and the plugs on your boat including any pigtail adapters. We have seen a few issues lately with corroded plugs which can lead to power outages on your boat or worse, resulting in a fire.*
- Also, Be sure you are not overloading the power cords capacity with any heaters on board*
- Don't forget to inspect your dock lines for chafe or deterioration.*

There will be some underground drain line work starting around Thanksgiving that will temporarily limit access to the main parking lot and reducing the number of available parking spots. Please be patient as we work on improving our Yacht Club.

In an ongoing effort to increase our Capital savings account, you will see a small increase in the capital contribution on your 2025 bills. By increasing this fund slowly over time we are avoiding any large one-time assessment that may be necessary for our capital needs.

Stay safe over the holidays and while you are out boating. Hope to see you around the docks or out on the water.

John
