Tide Lines

February 2025

Volume 17 Issue 2

From the Commodore

Hello fellow MBYC members,

January brought us a rare Grand Strand area snow followed by a couple of days of temperatures well below normal resulting in the snow lingering on the docks, finally being cleared with the help of some volunteers. The recently installed anti-slip strips on the gangway ramps performed well on the snow-covered ramps.

Painting, dock board replacements and building repairs are continually ongoing with noticeable results keeping our yacht clubs' appearance at a high level. We will soon be replacing the laundry room washers and dryers.

Our staff is preparing to replace the fender boards on the center piling of those slips that have center pilings. Many of the existing boards have deteriorated and are falling off. This will be an operation completed from the work barges and must be timed with both high tide and low tide to get the securing bolts in place.

February is a good time to begin to get your boats ready for the 2025 boating season. A good place to start is by ensuring all the US Coast Guard required equipment is in proper condition, readily available and suitable for the type of boating you do.

Hope to see you around the docks or out on the water,

John

WINTER STORM PREP

Winter's here, so be mindful of possible ice on docks and gangways.

Salt buckets are on all docks by the gangway.

Winter storm winds, check/tighten lines.

Be careful and be safe!

8.3" of Snow 1/22/ 2025

A shout out to Matt Imhoff of A dock, Scott Richardson of B dock, Tom Duckett of C dock and Joe Adams of Pool dock for their major snow removal help after the storm! Thank you, gents, much appreciated!
